Cord-Cutter Strategy Guide

- **The "Antenna Advantage":** Exclusive streaming games are broadcast on local TV for fans in the home markets of the competing teams.
- **Chaining Subscriptions:** You only need Peacock for Week 1 (Kickoff) and Netflix for Weeks 12-16 (Holidays) to catch the biggest exclusives.
- **Annual Savings:** Amazon Prime offers an annual rate (\$139) that significantly reduces the monthly "tax" if you use other Prime benefits.

Prices are estimates for the 2026 season based on projected platform increases. Always check local listings for over-the-air broadcast availability.
