

# 2026 Dynasty Fantasy Football Rankings

Top 50 Overall + Building Blocks | 1-QB PPR

*Dynasty values weight youth, situation, and long-term production over one-year output. This is our top 50 overall for 1-QB PPR startups, plus the young building blocks we would draft first in a rookie or startup draft.*

Dynasty tips: prioritize young receivers, whose careers last longest; do not overpay for aging running backs even when the redraft value is high; and value a cheap ascending quarterback in superflex far more than in 1-QB. Rankings are for a 1-QB PPR startup and should shift up for superflex leagues.
