

2026 Fantasy Football Auction Values

\$200 Budget | 12-Team PPR | SportsBrackets Consensus Board

Values assume a \$200 auction budget in a 12-team PPR league. Adjust up or down for league size and scoring - the tiers matter more than the exact dollar. Nominate players you do not want to drive prices up, and always leave enough to fill every roster spot at \$1 minimum.

Budget strategy: **Stars-and-Scrubs** spends roughly \$170 on 3-4 elite players and fills the rest at \$1-3. **Balanced** keeps every bid under about \$45 and rosters 6-7 steady starters. A common target split of a \$200 budget: RB 45%, WR 38%, QB 6%, TE 7%, K/DST 2%, bench 2%.

Draft-day reminders: set a hard max on your top 2-3 targets before the auction starts, stay disciplined in the mid-tier where most value is won or lost, and track other teams' remaining budgets so you know who can still outbid you.
