How to Run a Fight-Night Pool

- Print one sheet per person before the first bell and have everyone lock in picks for each bout.
- Score **1 point** for the correct winner, a **bonus point** for the right method (KO/TKO, decision or draw), and another **bonus** for nailing the round.
- Add a tiebreaker: predict the round and time of any stoppage, or the main-event judges' total.
- Tally after the main event; most points wins the pool. Ties split by the main-event pick.
