How the Rivalries Series Works

- Nike and the NFL's **Rivalries** program gives teams a bold alternate uniform built around a division rival, debuted in a head-to-head matchup.
- The **2026 reveal covers 8 teams** across two full divisions: the **AFC South** (Colts, Texans, Jaguars, Titans) and the **NFC North** (Bears, Lions, Packers, Vikings).
- Rival pairs debut against each other: **Colts / Texans / Jaguars / Titans** rotate through the AFC South, and **Bears-Packers** and **Lions-Vikings** anchor the NFC North.
- More divisions are expected to reveal Rivalries looks in future seasons. Use the blank checkbox to mark each one off as it hits the field.
